Instruções:

1. É de muita importância que você identifique seu ano e sua turma no e-mail enviado.
 2. O conteúdo gramatical que é apresentado nesse trabalho está disponível para acesso na plataforma Plurall.
 3. Utilize um dicionário inglês/português para auxiliá-lo durante a leitura do texto e das questões.
 4. Qualquer dúvida, estou à disposição através do e-mail e redes sociais.
 5. **A data para envio das respostas por e-mail é: 30/03.**
- EMAIL PARA ENVIO : rangel.emillie@gmail.com

LEIA O TEXTO ABAIXO E RESPOSTA EM INGLÊS AS QUESTÕES 1 A 4.

At the end of 2019, a new **type** of coronavirus **began** making people sick with **flu-like symptoms**. The **disease** is called coronavirus disease-19 — COVID-19. The **first** cases were diagnosed in people who had visited a **market** in China that **sold** live **seafood** and animals. The virus **spreads easily** and has now affected people in many **countries**.

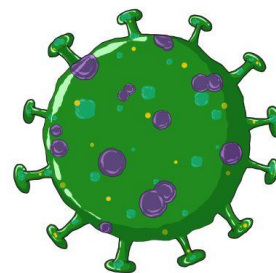

WHAT IS A VIRUS?

A virus is a **tiny** germ. Viruses can make us **sick**, but they can't do anything **on their own**. To do that, they have to **get into** our **cells**.

WHAT IS THE CORONA VIRUS?

There is a new type of this virus **spreading around** the world. It's called a coronavirus because "corona" **means** "**crown**" in Latin. It makes people **cough**, feel **tired** and have a **fever**. But older people and people who have other **conditions** can get very sick from it.

HOW WILL I KNOW IF I GET SICK?

There is a special test to see if you have COVID-19. If you feel sick, tell your parents. They will call your doctor to see if you **need** the test. The results **come back** a day **later**.

WHAT CAN I DO TO HELP?

You can help stop the virus by **washing** your **hands**. This means wash them with **soap** and **rubbing** your hands together to clean all your **fingers**. You can sing a song that **lasts** about 20 seconds. **Also**, try to **keep** your **hands off** your face, so no rubbing your eyes or nose or putting your hands in your mouth. **That way**, you won't give the virus a way to enter the body where it can make you sick. And remember to **cough** or **sneeze** into your **elbow** (like a vampire!), and the most important: **STAY HOME!**
